

Ceridian Time Solutions - Setup Overview for Implementation Webinar

Overview:

The Time Solutions Setup Overview for Implementation is designed to set the foundation for customizing the product to your company's needs.

This session will:

- Provide information regarding the relationship and importance of entering your company's requirements into the Small Medium Business Requirements document (SMB).
- Prepare you for discussions with your Ceridian Implementation team and aid in the decision-making process regarding the setup of your Ceridian Time Solution application.

Once you have attended, you will be able to:

- Understand the relationship of the Prerequisite Checklist document to the SMB Requirements document to the Ceridian Time Solution application.
- Gain an understanding of where your company data will reside within Ceridian Time Solutions.
- Understand the importance of matching Ceridian Times Solutions business rules to information in payroll for the correct information to be available for employee pays.
- Actively participate during implementation meetings to better communicate your overall company processes.

Facilitation:

This facilitator-led virtual classroom consists of a 2-hour interactive on-line learning session. You will learn via the web – while at your PC in the convenience of your own office. **Note:** All times listed are in Eastern Time (EST/EDT). If you are not in this time zone, please adjust your schedule accordingly. Webinar is offered in English only.

Duration: 2 hours

Prerequisite: No training prerequisites

Note: Clients entering the Implementation Discovery Phase **must attend this webinar prior to classroom training. Registrations must originate from Ceridian staff as part of the Implementation Project.**
